Melachim Bet (2 Kings) 5:1-14

The story of the miracle of the healing of Naaman's leprosy leaves us with two very important lessons. The first is that we must **testify** of Yahweh's love and power to people as did the servant girl of Naaman's wife and the second is that we must **remove** pride from our lives if we want Yahweh to heal our souls and bodies, just as Naaman did in the end.

Read the sentences and circle the thumbs up if it is true or thumbs down if it is false.

Naaman was the general of the army of the king of Syria.

The maidservant girl of Naaman's wife was taken captive from the land of Israel.

The king of Syria refused to send letters to the king of Israel for Naaman's healing.

The prophet Elisha was afraid to heal Naaman of his leprosy through Yahweh.

Naaman was angry with the prophet Elisha because he did not do what he thought he would do with him.

Naaman's servants convinced him to heed the words of the prophet Elisha.

Finally, Naaman decided to immerse himself in the Jordan River but was not healed of his leprosy.

YAHWEH'S POWER GOES BEYOND NATURAL LAWS!

In this passage we see the prophet Elisha showing Yahweh's power even over natural laws. Do you think the iron would have been able to float on its own? Have you ever doubted, in any petition to Yahweh, whether it will be done?

Although his life and ministry were brief in comparison to other biblical prophets, Elisha left a lasting legacy as a man of Elohim who worked miracles and faithfully fulfilled his prophetic calling. For example, like when he helped King Joash by instructing him to defeat the Arameans.
